

Lectures three hours a week, tutorial/laboratory two hours a week.

Prerequisite: fourth-year standing in Networking stream of B.I.T. program.

NET 4900 [0.5 credit]

Network Design Project

This fourth year course further provides students with the opportunity to apply concepts and knowledge gained in previous courses towards the design and implementation of a major Networking related project. Working in teams or as individuals under the direction of faculty members, students undertake projects either internally or in collaboration with industry.

Tutorial/laboratory two hours a week.

Prerequisite: fourth-year standing in Networking stream of B.I.T. program.

Integrated Science (ISCS)

Integrated Science Institute

Faculty of Science

ISCS 3909 [0.5 credit] (formerly 64.399)

Independent Study

The student integrates aspects of both the science and the non-science areas of study in a project supervised by a faculty member. Prior to or immediately upon registration, the student should consult with the IS Chair for topic approval and course regulations.

Precludes additional credit for ISCI 3909.

Prerequisites or co-requisite: at least 0.5 credits at the 3000-level or better and permission of the IS Chair.

ISCS 4908 [1.0 credit] (formerly 64.498)

Honours Project

Under the supervision of a faculty adviser, the student carries out a research project in the IS areas of study. Prior to or immediately upon registration, the student should consult with the IS Chair for topic approval and course regulations.

Precludes additional credit for ISCI 4908.

Prerequisite: permission of the IS Chair.
